

**Joint Letter from the AES and the KWPN regarding the nomination of Dr Eva-Maria Broomer (AES) for the position of Vice President, and of Ralph van Venrooij (KWPN) to the Executive Committee**

14<sup>th</sup> September 2023

Dear Sirs/Madams

We are delighted to continue the spirit of cooperation between our studbooks by presenting a joint nomination from the KWPN and the AES for Dr Eva-Maria Broomer to stand for re-election for the position of Vice President, supported by Ralph van Venrooij to continue his work on the Executive Committee.

The KWPN and the AES continue to recognise that the challenges facing our industry now and in future can only be met by working together and by forging strong relationships across studbooks and nations.

Through our work at the service of the WBFSH and its Marketing Department, we are helping to drive forward key strategic objectives of the organisation in a wide range of areas such the development of our website and digital transformation, which is opening up opportunities for breeders all over the world. This also includes the delivery of highly popular webinars and the support of our first WBFSH trade stands at World Breeding Championships.

Dr Eva-Maria Broomer and Ralph van Venrooij not only share a deep knowledge and passion for our industry, but have also created a strong and successful Marketing Department that makes a significant contribution to the WBFSH.

We are delighted to be thus offering the WBFSH members, by re-electing Eva and Ralph, the opportunity to continue to foster the spirit of cooperation between WBFSH member studbooks to benefit the organisation and to further our common aims of supporting all sports horse breeders and studbooks.

With kind regards

Andries van Daalen  
Chairman, KWPN

Joris van den Oetelaar  
Director, Anglo European Studbook
